WELCOME PARENTS

Prior to each home game, the Fort Hays State cheerleaders lead the Tiger football team onto the field. Also greeting the gridgers are members of the Tiger Debs. ↑

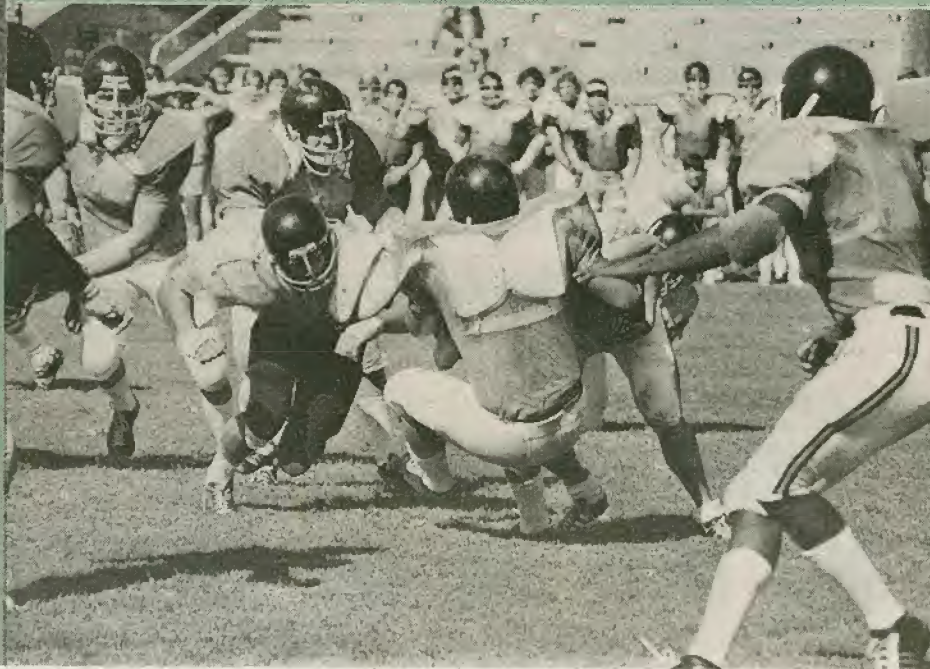

Quarterback Rick Peoples (with the ball) avoids a Northwestern Oklahoma defender in the initial 1974 game. Flanker Lonnie White (40) encourages Peoples after carrying out his fake. ↓

← The grass flies as the Tiger footballers make contact during a controlled scrimmage in recent weeks. Prior to FHS's opening game, the Tiger gridgers took part in four weeks of pre-season drills.

↓ A Tiger running back meets the first team defenders head on during a recent FHS scrimmage.

Tonight's Game

Fort Hays State and Missouri Southern both come into this game hungry for their first win of the season. The Tigers dropped their opener 28-18 to Northwestern Oklahoma State and fell to Kearney State 26-14 last Saturday, while the Lions from Missouri were downed 34-24 by Southeast Missouri State in their opening game a week ago.

These two teams have been fighting it out on the gridiron for four years and a great rivalry has quickly developed. The Tigers hold a 3-1 edge in the series and won last year's game 14-9 at Joplin. In 1970, FHS won a 36-29 thriller and came away with a 37-3 victory in 1971. The last time the Lions came west they pounded the Tigers 40-15 at Lewis Field Stadium. That was in 1972 and Missouri Southern went on to roll up a 12-0 record and win the NAIA Division II championship.

Southern Head Coach Jim Frazier is in his fourth season at the

Jim Frazier

Kerry Anders

Missouri school. He has guided the Lions to a 20-12 record his first three years, including the perfect slate in his second season. He has put together a strong offense again this season and has some veteran performers who can break a game open.

Heading the running attack are speedy Lydell Williams and a transfer, Robert Davis. The Lions have two capable signal callers in Steve Hamilton and Skip Hale. Hamilton was the regular quarterback last season, but Hale has made a bid for the job this year. Two receivers make the passing game a definite threat. They are Bernie Busken, the top receiver the last two years, and Kerry Anders, the team's leading scorer a year ago.

The Lions' defense is strong at linebacker and in the secondary. Three defensive backs, Tom Warren, John Busalacki and Melvin Wilson, return from last year, and Randy Hocker, Dean Collins and Ken Davis give the team proven experience at linebacker. Tackle Ron Barnes heads the charge up front.

For the Tigers, the quarterback situation is still unsettled as Rick Peoples and Jerry Krueger both saw playing time against Kearney State. Randy Davenport and Blane Johnson have been sharing the tailback duties, but freshman Mike Leiker is expected to start tonight. Craig Horchem, who started at fullback last week, will again fill that spot. The veteran line remains intact and is expected to play a big role in the offensive showing.

Ron Hawley returns to action at split end tonight after sitting out last Saturday's contest with an injury. With Hawley and Jeff Krueger at split end and Lonnie White at flanker, the Tigers could open up the passing game more. Tight end Greg Steen also figures in the passing plans as he caught four aerials against Kearney State.

Defensively, the Tigers are still experimenting on the line, but have received some good play from the linebackers and secondary. Don Gable, Tim Weiss, Dave Thom, Bill Turner, and Jim Homolka are sure to see considerable action on the line, while Mike Peteete, Donn Swanbom, Jim Wilson, Danny Boyce and Darrell Herl make up the linebacker corps. In the secondary, FHS will go with Steve Simpson, Bruce Van Petten, Robin Stiles and Mike Mlinar.

Neither team can afford a loss tonight, so it should be a fight to the finish between the Tigers and Lions. Missouri Southern is trying to rebound from an off year, and FHS is trying to keep the winning momentum in its rebuilding program. It should be an exciting affair, so sit back and enjoy an evening of college football.

A Message From The President

Dr. John W. Gustad

Dear Parents, Students, and Friends—

Today a very special welcome is given each parent to the campus of Fort Hays Kansas State College. The college is indeed extremely proud to be host to all mothers and dads and hopes the visit to the campus is a most pleasant experience. With the possible exception of alumni, probably no group is more favorably inclined and interested in this institution than the parents of our undergraduates.

The greatest resources this college possesses are its students, faculty, staff, alumni, and parents. By working together, we can accomplish great things for our students and for the geographical area served by this college.

College public relations begin on our very doorstep. Too often parents of students are simply taken for granted. Many educational institutions become so preoccupied with efforts to win support of other groups that parents are neglected.

The Tiger Parent Club was organized last year for the single purpose of developing stronger ties between the institution and the individual parent. The primary function of the club is to be of every possible assistance to parents and students. Most parents wait, hope, and wonder throughout the academic year with periodic grade reports the only tangible measurement of the progress of their sons and daughters.

The experience of having parents here today is a most stimulating one for students and faculty alike. We want you to return as often as possible. You could not possibly be more welcome.

Sincerely,
John W. Gustad

Cade Suran

Welcome To FHS, Parents

Tiger Sports Fans:

On behalf of the Fort Hays State Athletic Department, I want to welcome you to our annual Parents Day football game.

We take pride in fielding competitive athletic teams each season and last year was no exception. For their accomplishments during the 1973-74 athletic campaign, our athletes claimed the runner-up NAIA All-Sports trophy.

Our cross country and indoor track teams each gained third place in national competition while outdoor track tied for third, gymnastics captured third and baseball finished seventh in NAIA Championships. In recognition of these top national finishes, the Tigers were second out of 565 colleges and universities with Eastern New Mexico gaining top honors.

This national ranking is a great tribute to our athletes and coaches since our athletic scholarship program is minimal. More than 200 athletes take part in our varsity sports program, but only 78 scholarships are offered because of limited finances and conference regulations.

Another important ingredient for a successful athletic program is support from the fans. Without the backing of our loyal fans, athletics at FHS suffer.

Throughout the years sportsmanship shown by our fans has been excellent. Each year Tiger fans are rated high by conference officials. Last year was no exception and I sincerely hope that you do your part to maintain the Tigers' good reputation this season.

I hope you enjoy attending Tiger athletic events and we welcome you to take part in these and any other activities on the FHS campus.

Tiger Cagers Begin Preseason Workouts

By BOB KEATING
Sports Information Staff

Two weeks after Fort Hays State puts the finish on its football season, the Tiger basketball team dribbles into the spotlight to open its 1974-75 season.

There will be many familiar faces wearing the Black and Gold again this season as 10 players

Ron
Crowell

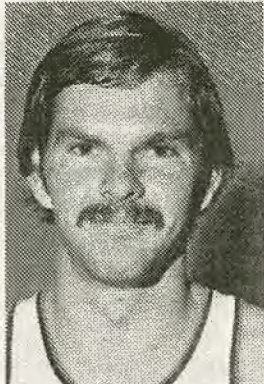

who saw varsity action a year ago return to the squad. With the addition of some promising newcomers, the prospect is bright for continuing last season's winning edge. Among the returning lettermen are six seniors, so proven experience will be a certainty when the Tigers take to the court.

Experience and depth seem to be key words in looking at the team's chances. "Our depth will be one of our biggest assets," says

Head Coach Chuck Brehm. "If experience means anything, we could be pretty good. Some of our guys have been playing together for three years. We have enough experienced personnel to be very competitive."

Heading the list of players are the top three scorers from a year ago. Ron Crowell, a 6-5 senior forward from Denver, Colo., emerged as the leading scorer in the late season and was followed closely by Greg Standish, a 6-5 senior forward from Goodland, and Brad Rumble, a 6-1 senior guard from Great Bend. Crowell was also second in rebounding and Standish was third.

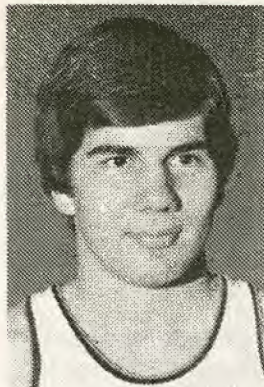

Strength across the front line

Greg
Standish

will also be a big factor when the Tigers get into their heavy schedule. Besides Crowell and Standish, several veteran per-

formers are on the squad including Brent Frack, a 6-6 senior from Ingalls; Hal Brandenburg, a

Brad
Rumble

6-7 junior from Wichita; Dave Schnuelle, a 6-4 sophomore from Jansen, Neb.; Eddie Schumacher, a 6-7 junior from Hays; and Barton Snow, a 6-3 junior from Denver, Colo. who returns after a year's absence and will be eligible the second semester.

"We will have more quickness on our front line than we've had in some time," says Brehm. "We plan to play a three-forward offense without a designated pivot man. We won't have overpowering size and will lack the big, dominating player, but we will be able to rebound with most teams. We can rely on more people for our rebounding rather than depending mostly upon one man."

Joining Rumble in the back-court are two more seniors who played regularly last season, 5-11

Keith Harper from Colby and 5-11 Val McLean from Lewis. Also back are a pair of sophomores, 6-3 Terry Cordes from Meade and 6-3 Dave Vagher from Colby, plus newcomers David Royse, a 6-0 transfer from Mesa, Arizona Junior College, and Rick Albrecht, a 6-1 freshman from Russell.

"Our three seniors have shown they are capable of playing well," Brehm notes. "The addition of Royse will be helpful. It will be tough for our younger players to break into the line-up, but they will be competitive. The back-court was an inconsistent area last year, but if we can improve

Brent
Frack

our shooting, we'll be in good shape."

Brehm hopes to field one of the stronger teams in the Great Plains Athletic Conference this season. "We are picked as one of the favorites along with Northern Colorado and Pittsburg," he says.

Telling It Like It Is

BY DR. JOHN D. GARWOOD

FHS Dean of Instruction

The summer months call forth some of the most exciting public speaking of the year. Football coaches from Maine to California and from Washington to Florida, exhort the faithful as to the manly qualities of the players under their tutorage. As the season approaches, emotions build to a continually higher pitch, week by week, until fans and players reach the desired tempo for the first game.

This technique of morale building has much to commend it and might be used advantageously by those given to the more scholarly pursuits of academe. Were academic theoreticians to adopt the trappings of the locker room, an interview with a local T.V. announcer might conceivably be as follows:

"Dean Stoneface, we've heard a great deal about the 1974 faculty. How were your faculty orientation meetings?"

"Probably the best we've ever had, Curly. Course it's too early to tell. We had the psychology and biology studs one on one all morning. These kids really came to play. They know there is no tomorrow.

"Some of our rookies looked good in discussion. Bradley can do

it all. Has fantastic acceleration, good moves, size, an exciting type, great second effort, speed, and what we like is that at 23 she has her Ph.D. in French. A real blue chipper. You're going to see a lot of her. Our administrators can't keep their eyes off her."

"What about 'Gooseneck' Barnes? I understand he will be out of action for a week or so?"

"That's right, Curly. But I guarantee you that 'Gooseneck' will be back in there. He was late for his 7:30 class so he ran a Statue of Liberty play on his Honda through Shafer's back yard there under the trees. He's a bird watcher you know, got clotheslined, was taken out of play. Got up too soon and his Honda circled the garage, blindsided him, flattened him again. He took quite a lick. Great second effort there. Lost his helmet, glasses, tore the hell out of his blue suit, pretty well shaken up on the play. But he walked away under his own power. Got a great hand from the crowd when he came out of the yard."

"I understand you will have more new staff members than usual this year, Dr. Stoneface."

"That's true, Curly. We have some highly touted rookies with us. These kids came to play. We will have some of the biggest ends in the conference this fall. We'll

also be stronger up the middle this season with Buster "Bronko" Gutz in sociology. We red shirted him year before last, had him teaching the freshman courses. He's a horse for work, gave only C's last year in sophomore courses, set a new school record last year in number of students not getting through his course. I guarantee you he'll give 110 per cent. He could make associate this year if he has another good year. He'll give you all he's got. He was out of the lineup for the first week, checked in late. We put it on him, gave him 17 hours to teach and on three committees. He just bowed his neck and gave quizzes the first day of class. A real blue chipper.

"We got a great transfer prospect from State U. Didn't get tenure there, a fine striker, blocker, full of fight, scouting report showed this girl was a straight A student in her graduate work. I think she can help us in English. Great moves, can run the double reverse well, can also execute the triple option. Our backfield people say she's got it all. We'll probably put her at American Literature or if Beetle Bong takes a sabbatical we may shift her to British Literature. Like I said, she can do it all.

"We picked up another great one in Boob Lowell who transferred from Shock Juco. He's a

big strong kid, wears size 15 shoes, 9 helmet, stands five six, weighs 275. Probably will be one of the best art teachers we've ever had. Real compact, hard to get off his feet. He laid out two years before transferring here. A great blitzer, probably ready to teach a senior course. He could be a great one, he came to play. He's been around long enough to know there's no tomorrow.

"We have some people in science and math who look good but we really haven't had a chance to look at them. We'll put 'em one on one with the history studs."

"How is the enrollment this year, Dean Stoneface?"

"One of the strongest in years. Our kids have one of the roughest schedules we've ever had. Over half of our students were in the top 10 per cent of their high school graduation class. You can see the high caliber of opposition our kids face. Now we'll find out what we're made of and if we're willing to pay the price. Our kids have a lot of pride. Like I always said, 'when the going gets tough, the tough get going.' It's going to take an all-out effort. Our full professors must give us leadership. Like I said in faculty meeting last week, we'll hit 'em with shotgun quizzes, hour tests every week, long term papers, tests before vacation, dull lectures, long assignments, a lot of

Facts, Figures Prove Skeptics Wrong

By BOB LOWEN, Director
Information Services

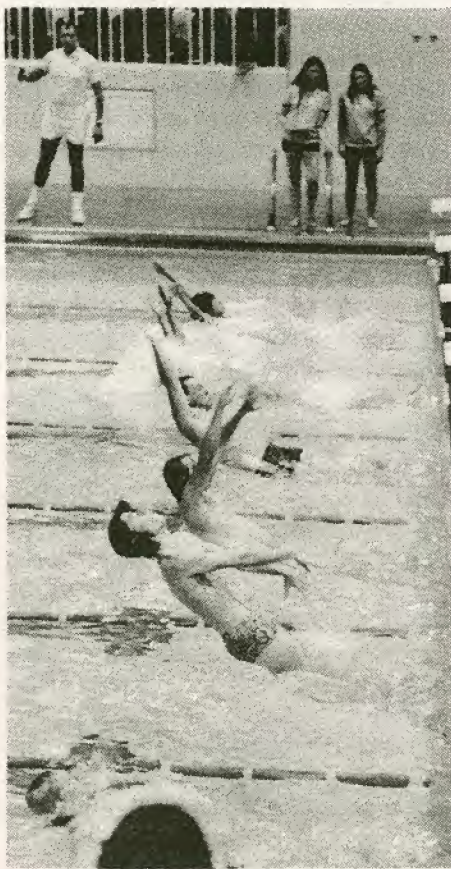

When M.C. Cunningham Hall, a new multi-purpose building costing \$3.5 million was constructed on the Fort Hays State College campus in 1973, skeptics wondered, in light of decreasing enrollments, if maybe money wasn't being poured down the drain.

Dr. Russell Bogue, chairman of the department of Health, Physical Education and Recreation at FHS, sensed the need last year to monitor the use of the building. His "white book" shows that the building, which was built to fulfill the needs of thousands of students who formerly used shopworn Sheridan Coliseum and an old wooden building, has been used extensively in its first year in existence.

"From mid-September of last year through mid-May," Dr. Bogue said, "41,848 persons used the facilities in Cunningham Hall. And those persons are apart from those engaged in regularly scheduled programs such as the men's and women's intramural programs and varsity athletics. That figure of 41,848 is the result of what we term free-time usage of the building. It does not include any persons engaged in regularly

scheduled activity. If we were to add all those persons who participated in scheduled programs, we could easily double those numbers."

According to Dr. Bogue's figures, the gymnasiums were the most popular areas for use and

NCAA-Size Pool

the swimming pool ran a close second. The four gymnasiums were used by more than 12,000 persons while more than 11,000 chose the swimming pool for their entertainment.

The handball courts were next in popularity with more than 9,000 persons using the eight rooms and the weight training saw more than 8,000 persons working on strength building or body correction procedures.

"We are very pleased with the way the building is being used by the students and with the care the students are taking of the new structure," said Dr. Bogue. "There is no doubt but what those who are using the facilities are proud of what they have to use. A young man told me he transferred here from a larger university where he couldn't check out the equipment fast and easy and said he would be spending a lot of time in Cunningham Hall."

Dr. Bogue said all students are encouraged to use the buildings and its facilities. "This structure is for student use first but when we have available time, non-students are definitely welcome."

Aside from being the home for all indoor activity whether it be regularly scheduled or non-

scheduled, M.C. Cunningham Hall is also the home for the Department of HPER. Literally thousands of students will participate in the class offerings and the facilities and equipment get a workout. "In addition," Dr. Bogue notes, "eight different departments from across campus will be using the building for classroom teaching this fall. We think this is great and all these things prove that M.C. Cunningham Hall is truly a multi-use building."

Anyone who hasn't had the opportunity to visit Cunningham Hall is welcome and in fact encouraged to do so. There is a multitude of equipment to use and the bright, new building is but a part of the total educational program at FHS being offered to all interested persons.

Ellis Hays Hill City

Missouri Southern - A Growing College

By RON ROBSON

Sports Information Director

Missouri Southern State College is situated in southwest Missouri, 11 miles from the Kansas border, 40 miles from the

Arkansas state line and 15 miles from Oklahoma.

The campus, located at the northeast edge of Joplin on 310 acres of gently rolling land, is within commuting distance of a large college population. The

college lies at the heart of a cluster of cities with Joplin as the hub.

The combining of a two-year, locally supported junior college with a two-year state supported senior college makes Missouri

Southern State College unique in college history. Although the two programs have separate support, they have one faculty and one administration functioning under the supervision of the Board of Regents appointed by the Governor.

Currently, 3,641 students are enrolled at Missouri Southern, which marks the largest enrollment in the school's history.

Missouri Southern is dedicated to the principle of developing a college community where all members are given the opportunity to learn, not only for the sake of learning, but for the purpose of revealing ways to live a better life.

Now under construction at Missouri Southern is a 2,000-seat performing arts auditorium and a 16,000-seat stadium with a playing field covered with artificial turf. The two projects are expected to be completed in about one year.

OFF THE CUFF

Lon Pishny

Sports Information Director

HI, PARENTS! I hope you are enjoying your visit at Fort Hays State. We feel our college has a lot to offer, but without the participation of your sons and daughters in various campus activities FHS would remain a mediocre school. We are proud, as I know you are, that your children have selected FHS as their college and we know they are doing their best to represent Fort Hays State.

WE NEED YOUR HELP...

During most of last year and the first road football game this season, I have been enthused about the number of Tiger fans in the stands when our teams compete out of town. We have good backing for our home contests, but the support is especially important when we are on the road. I realize the distance sometimes seems prohibitive, but whether they are at home or away, the Tiger athletes need and appreciate your support. Get together with some friends and plan to spend the weekend rooting for Tiger athletic teams.

THANK YOU... I want to thank everyone who is making an effort to get GOLD back in the stands at FHS football games. I felt our first home game was successful, but I know we can do better. Again tonight we are giving away balloons which are to be released when the Tigers scored their first touchdown. If you don't have a balloon, check at both the east and west stadium entrances and members of the FHS Men's Physical Education Club will be glad to give you one.

BIG ATTRACTION... The biggest event of the fall semester is Homecoming and with the addition of Oktoberfest last year, the weekend is even more festive. Sponsored by the Hays Chamber of Commerce, Oktoberfest has been expanded this fall to include more Ellis County people and Friday, October 11 is the designated date this year. October 12 should prove to be just as entertaining with a large array of FHS Homecoming activities scheduled. A complete Homecoming-Oktoberfest calendar follows.

Defensive Line Has To Preform As A Unit

By BOB KEATING
FHS SPORTS INFORMATION

When the 1973 football season was over last November the Fort Hays State coaching staff knew there was a big job ahead in replacing the entire defensive line. They started their planning during the winter, experimented with several candidates during

Dave
Thom

spring drills and began rebuilding when practices opened this fall.

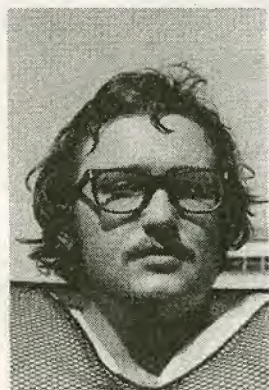

The Tiger coaches drew their large assortment of talent from many different directions. They moved some players from other positions, gave a long look at last year's reserves, fit in some transfers and added a few highly touted freshmen. The competition for the jobs has been stiff and the process of elimination is still not complete.

"We're still trying to find the right combination," said Line Coach Barry Allen after the Tigers' two opening losses.

"Everybody is getting a chance. We have some experienced players who we have to rely on, but we're taking a real good look at our young people. There are some good young players who want to play."

What are the coaches looking for as they judge a lineman's play? "He has to be very aggressive," Allen said. "A defensive lineman has to be reckless and play mean. He has to like to hit people, but our defensive line has to play together as a unit too."

Blending the fresh new talent with the veteran players is a tough task, but Allen feels the Tigers have the personnel to mold into a strong unit. Two of the more experienced linemen came to FHS from Chadron State College

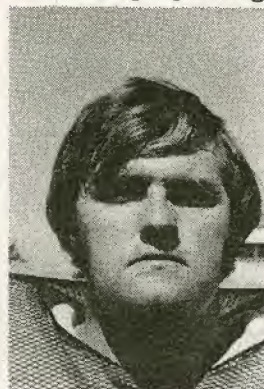

Tim
Weiss

in Nebraska along with Head Coach Bill Giles and Assistant Jerry Cullen. They are Don Gable, a junior from Gering,

Neb., and Tim Weiss, a senior from Platte Center, Neb.

Gable played tight end for the

Don
Gable

Tigers most of last season, but was switched to defense during the spring because of the vacancies on the line. He was an all-conference performer in football and basketball at Gering High School and played in the 1968 Nebraska Shrine Bowl. He attended Chadron State for one year before coming to FHS. Weiss was a top back-up man on the defensive line last season until a leg injury knocked him out of action midway through the campaign. He spent two seasons on the Chadron State squad.

Two other transfers joined the squad last spring and are sure to be of great help when the Tigers head into the crucial conference games. Dave Thom, a junior from Minden, Neb., attended the University of Montana for two years before coming south, and

Bob Gonzales, a junior from Garden City, played at Garden City Junior College.

Thom was moved from linebacker to a down lineman position this fall and has seen considerable action in the early games. He was an all-conference selection at Minden High School. Gonzales was a football and wrestling stand-out at Garden City High School where he was named all-conference in football and wrestling and boosted the wrestling squad to the state title as a junior.

Some of the experimenting has involved trying a group of can-

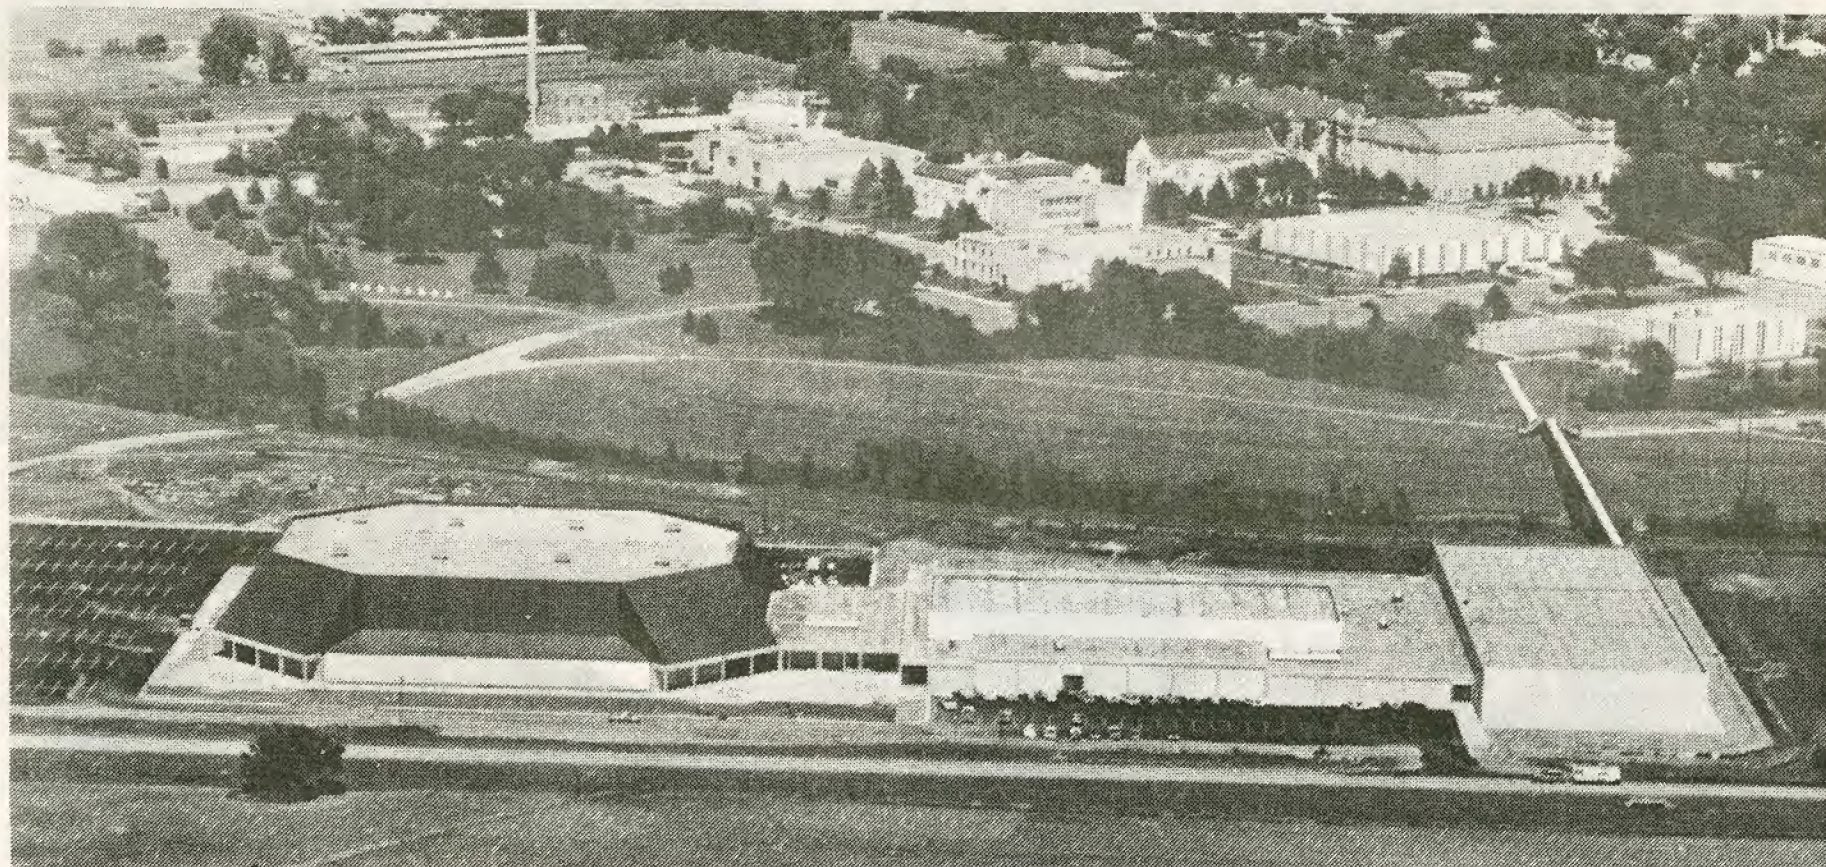

Bob
Gonzales

didates at the nose guard position, among them Mike Cruickshank, a junior from Torrington, Wyo., and Jerry Istas, a junior from Aurora. Cruickshank has been part of the Tigers' linebacker corps his first

Whatever Happened To Leroy?

A tall, slender distinguished-looking middle-aged gentleman pushed open the door to the Alumni Office on the Fort Hays State campus and approached the receptionists' desk.

"Hello," he said, "my name is George Sanborn and I was a student here back in the late '40's. I'm trying to locate an old classmate I've lost track of by the name of Leroy Johnson. I wonder if you can help me?"

Over the years, the Alumni Association Office located in Picken Hall on the Campus has helped locate addresses of hundreds of former students for friends, business and industrial concerns, placement and employment agencies, professors, and educational institutions. However, access to a complete and up-dated file of graduates and former students is only one of the many services rendered by the association.

As a major public relations arm of the college, the association is in a position to serve as a two-way agency in expressing the concerns of alumni to their college and in articulating the needs of the institution to the public. It is obvious that a strong alumni association will greatly enhance the strength of a college.

The Alumni News, published five times yearly, serves as the

official organ of the association. It is sent to all dues paying members. In addition, a second publication will make its appearance this fall which will reach more than 17,000 alumni and will include mailings to high school libraries, members of the state and national legislatures, Board of Regents, friends of the college, and other university and college administrators.

Area dinner, luncheon, and picnic meetings throughout

Dr. Dee
Matthews

Kansas and in selected urban cities outside the state offer opportunities for classmates and friends to enjoy an evening together and to visit with college personnel and students. A series of informal coke and popcorn parties held in the homes of alumni for prospective students interested in college offers a chance for young people to gain first-hand knowledge of Fort Hays

State from student ambassadors.

And what would college football be without the excitement of Homecoming? Class reunions, parades, open houses, awards banquets, receptions, and courtesies for visiting dignitaries and parents, as well as former students, all are a part of the many activities engaged in by the Association.

A number of awards are bestowed by the Association. The Alumni Achievement Award is given in recognition of unique contributions made by alumni; the Distinguished Service Award honors an outstanding individual, not necessarily a graduate; Pilot Awards honor faculty men and women, and Torch Awards grant recognition to outstanding senior men and women.

Guided by an efficient Board of Directors of 12 members and ex-officio representatives of Half Century Club, Tiger Parent Club, and Student-Young Alumni, a cooperative long-range plan for the growth and progress of the college and its alumni is assured.

Dean Nolte, assistant principal of Garden City High School, has served in the capacity of president for the past year and will be succeeded by Dr. Dee B. Matthews, dentist, of Greensburg. Mrs. Joan Hanna, Winfield, has served as vice-president and will

be succeeded by Mrs. Florence Roemer of Grainfield.

Other members of the Board are: Mike Money, Hill City; Larry Kopke, Great Bend; Bob Finch, Hays; Dan Rupp, Hays; Mrs. Karen Johnson, Mankato; Marion Coulson, Hays; Mr. and Mrs. Lloyd Frack, Ingalls; Miss Mabel Lacey, Gorham; Tom Funk, Wichita; and Greg Standish, student representative.

New Board members this year are: Darrell Seibel and Gary Casey, both of Hays; Mrs. Marcia

Dean
Nolte

Osborn Eads, Meade; Mrs. Vicky Lewis Ellis, Norton; and Mrs. Vera Thomas, Fort Hays State faculty representative.

Those retiring from the board are Mrs. Joan Hanna; Jim Kellerman, faculty representative; and Earl Field, Hays. Mrs. Sally Ward serves as acting Executive Director of the Association and Mrs. Elvira Dubach is Office Manager.

A Look Ahead

Seven games remain on the 1974 Fort Hays State schedule. Two more home games and five road contests are left, but the highlight of the schedule is the Great Plains Athletic Conference race which is yet to begin.

Next action for the Tigers is a road game against Eastern New Mexico University at Portales, set for 7:30 p.m. Oct. 5. Then FHS jumps into the GPAC fight Oct. 12 in the 2 p.m. Homecoming contest with the University of Northern Colorado. Last year the Bears won 48-14 at Greeley, and the Tigers have not won their Homecoming game since 1967.

It's on to Pittsburg Oct. 19 for another afternoon game with Kansas State College. The current Tiger coaching staff has never lost to the Gorillas and both teams will be trying to move up in the GPAC standings. Washburn sends its Ichabods into Hays Oct. 26 for a night game winding up the annual Band Day.

A trip to Emporia Nov. 2 for an afternoon contest with the Hornets begins the three-game road swing that winds up the season. 1967 is also the last year FHS beat Emporia State. A new opponent, Panhandle State, hosts the Tigers at 7:30 p.m. Nov. 9 at Goodwell, Okla., and the season comes to a close Nov. 16 as FHS meets Southern Colorado State at Pueblo. Last season the Tigers walloped the Indians 42-7 at Hays.

GPAC Experiences Numerous Changes

Fort Hays State has maintained strong conference ties throughout its years of intercollegiate athletic competition and has moved with the times whenever the need for a change has arisen. The Tigers are now in their third year of membership in the Great Plains Athletic Conference, but the path that brought the school this far has been a winding one.

Formed in 1972, the GPAC has already seen changes in its membership since it was chartered. FHS is one of the original members along with Washburn University, Emporia State

College, Kansas State College of Pittsburg, Southern Colorado State College and the University of Northern Colorado. The University of Nebraska at Omaha was a charter member but withdrew after one year. Another Nebraska school, Kearney State College, has been accepted for membership but will not participate in all sports until next year.

The GPAC is the eastern half of the Mountain and Plains Intercollegiate Athletic Association with its headquarters in Denver. The other part is the Rocky Mountain Athletic Con-

ference and contains Adams State College at Alamosa, Colo.; Fort Lewis College at Durango, Colo.; Western State College at Gunnison, Colo.; Colorado School of Mines at Golden; Western New Mexico University at Silver City; Southern Utah College at Cedar City and Westminster College at Salt Lake City.

This organization evolved from the old Rocky Mountain Athletic Conference which was split into the Mountain and Plains Divisions. That set-up was dissolved and the two separate conferences received their start in 1972. The Plains Division

schools took the GPAC banner, while the Mountain Division schools retained the RMAC name.

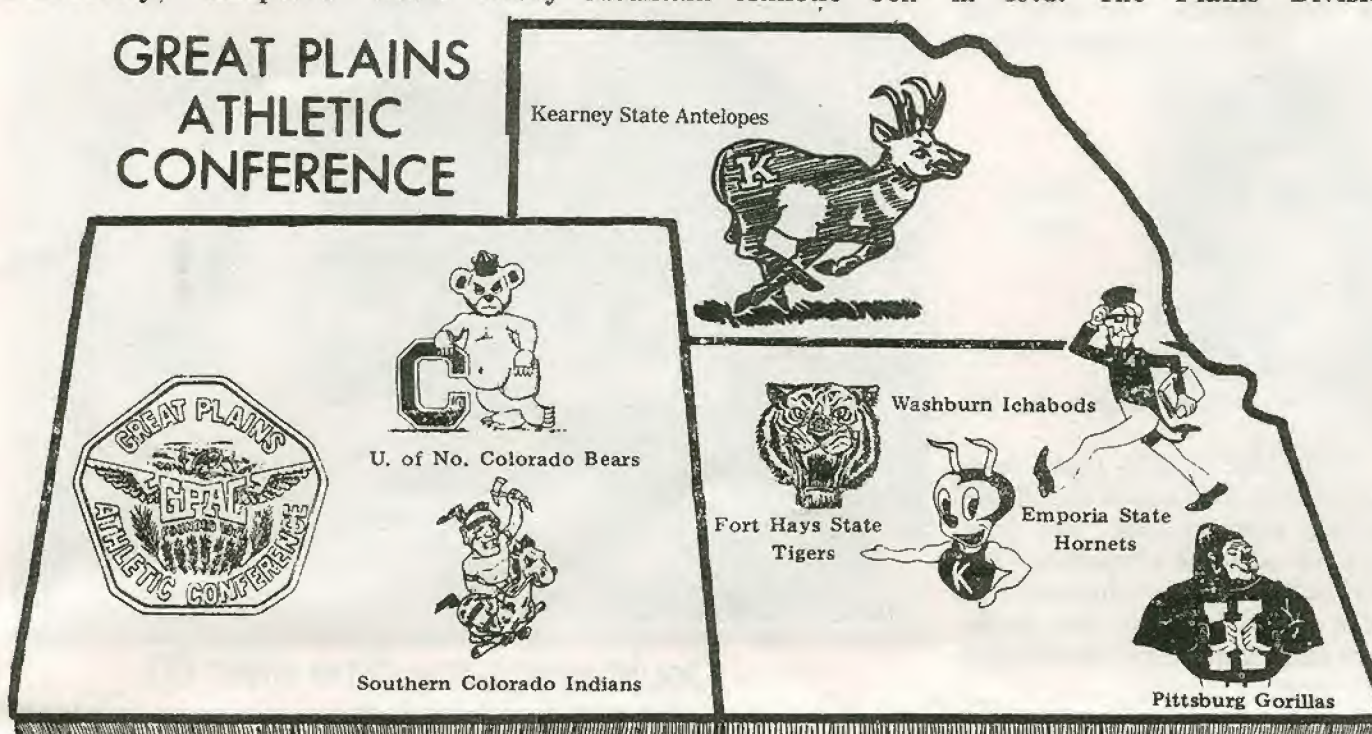

One of the reasons for breaking up the old RMAC was that member schools could not meet the traveling expenses which were involved. Conference meets no longer involve all of the schools in the MPIAA, and the winners in the two conferences do not play for an overall championship as they once did.

Actually the RMAC was doomed to a short life because of the immense territory it covered. The two-division conference was reorganized in 1968-69 and competition in all conference sports except football and cross country was begun that year. Those two sports began their league affiliation in the fall of 1969.

Five members of the disbanding Central Intercollegiate Conference, Fort Hays State, Emporia State, Pittsburg State, Washburn University and Omaha University, joined with the two Colorado schools, Southern Colorado and Colorado State College (now Northern Colorado), in making up the Plains Division of the RMAC. In making the move, FHS became a part of the second oldest collegiate athletic organization in

two seasons here and may be used in either area during this season. He is a member of the Tiger wrestling squad in the winter and placed third in the Wyoming state tourney at Torrington High

Mike Cruickshank

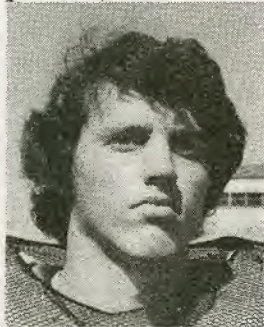

School. He was also an all-conference and all-state football player.

Istas has seen back-up duty on defense for two years and provides good experience when called upon. He played his high school ball at Concordia where he was chosen all-league on both offense and defense and was voted the Outstanding Senior Lineman. He added the Outstanding Wrestler and Outstanding Senior Athlete to his list of awards.

Among the highly rated crop of freshmen who Allen expects to help out on the defensive line this year are Jerry Staab from Plainville, Bill Turner from Cozad, Neb. and Jim Homolka from Holyrood. All three were top high school players and make the

FHS defensive line picture bright for the future.

Staab was an all-state performer last year and was named all-league both ways. He was selected for the state all-star games this summer and was nominated for All-America honors. Turner was also an all-state and all-conference pick in football and placed third in the state in wrestling. He was chosen Cozad's Outstanding Athlete of the year and played in the Nebraska Shrine Bowl during the summer. Homolka played at Claflin High School where he was selected all-league offensively and defensively. At 6-4, 245 pounds, he holds the distinction of

Jerry Istas

being the biggest Tiger for the 1974 season.

These nine players come from nine different towns with widely varying backgrounds. Yet they have one common purpose at Fort Hays State. They are the men who make up the defensive line forces when the Tigers take the football field every Saturday.

FINAL SCORE

— Could come any time after 60.

Football Coaches Show Culinary Expertise

(After all, they've been eating all their lives.)

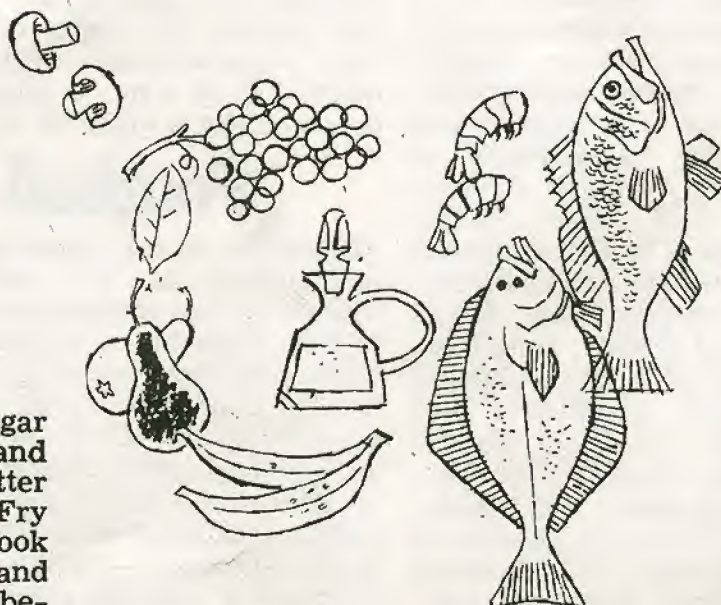

While the popular conception may be that most collegiate football coaches eat, drink and sleep football, in actuality, the majority of them spend their meal-times eating food. The following are some of the favorite recipes of two of the nation's more prominent gridiron bosses as prepared by their wives.

CORN FRITTERS by Mrs. Fred Pancoast (Memphis State)

- 1 cup all-purpose flour, sifted
- 1½ teaspoons baking powder
- 1 tablespoon sugar
- 1 scant teaspoon salt
- 1 egg
- 1¼ cup milk
- ½ cup whole kernel corn
- fat for deep frying or pan frying

Resift flour, baking powder, sugar and salt together. Add egg, milk and corn. Stir until blended. Drop batter into fat a teaspoonful at a time. Fry until golden brown, turning to cook evenly. Drain on paper towel and sprinkle with confectionary sugar before serving.

BEAR'S FUDGE PIE

by Mrs. Paul (Mary Harmon) Bryant
(University of Alabama)

Melt one stick of butter and two squares of chocolate over hot water. Take off stove and stir in one cup of sugar, ¼th cup of flour (sifted), pinch of salt and two eggs (beaten slightly). Then add one tablespoon of vanilla extract.

Put in pie pan and bake in oven preheated to 375 degrees. Turn down to 325 degrees and cook 30 minutes.

Serve warm with ice cream.

Nuts may be added to mixture before baking if desired.

Career Fair Set For Oct. 18

Only three weeks away, Oct. 18 could be one of the most important days in the lives of many young persons throughout Kansas and part of Nebraska, Colorado and Oklahoma.

On that day, Fort Hays Kansas State College will be the site of a Government Career Fair where between 30 and 40 governmental agencies will present to interested college students and high school seniors information and employment possibilities about their respective organizations.

Agencies scheduled to be at Gross Memorial Coliseum for the one-day presentation include federal, state and municipalities. Included are such organizations as the U.S. Department of Agriculture; Internal Revenue Service; U.S. Post Office; Department of Health, Education and Welfare; the Armed Forces; Veterans Administration; Dental and Medical Schools; State Highway Commission; State Highway Patrol; State Legislative Post Audit; and municipal governments from Kansas City, Mo.; Kansas City, Kan.; and Wichita.

Richard Osborne, Director of Career Planning and Placement at Fort Hays State and coordinator of the Fair, said, "We are asking seniors from every Kansas college and university, public or private, to come and see what's

going on and hear what these organizations have to offer. We're also asking students from all community colleges, all high school seniors and students from vocational and technical schools in western Kansas, northern Oklahoma, eastern Colorado and southern Nebraska to come and spend the day with us and learn what is available now or what it takes to be a qualified employee of one of the organizations which will be on our campus."

Osborne said the doors of the Coliseum will open at 8:30 a.m. and students will begin talking with organizational representatives. At 10 a.m., a program entitled "How to Apply for a Job"

will take place and be followed by another program, "State Employment." After a noon luncheon in the Memorial Union on campus, informational booths and areas again open for two-way communication. At 2:30 p.m. workshops dealing with business management and the social sciences, health services, and the technical sciences takes place. The day comes to a close at 5 p.m.

Osborne said he expects between 1,500 and 2,000 students and interested persons to be on campus for the event which is held on a Kansas college or university campus every three years.

Football Terminology

AUDIBLE — A vocal signal by the quarterback at the line of scrimmage that changes the play called in the huddle. A key phrase, word or number inserted into the starting commands, called when the quarterback feels the defense is stacked against the first play or is vulnerable in some area. Also called check off or automatic.

BALL CONTROL — An offensive technique of retaining possession of the ball by making a sustained series of first downs, rather than attempting long-gain plays.

BLITZ — Commitment by defensive backs and-or

linebackers to rush the passer. The defensive player tries to crash through the offensive line into the rival backfield before the play has a chance to develop. Also called Red Dog or shooting the gap.

TRAP — A play permitting a defender to penetrate quickly, only to be blocked from the side by pulling guard or tackle.

ZONE DEFENSE — Plan of pass defense wherein areas are covered rather than individual receivers. Opposite of man-to-man.

FHS Is A Member Of The GPAC

(Continued From Page 15)
the United States, dating back to 1909.

For 40 years before it merged with the RMAC, the CIC was one of the top small college conferences in the Midwest. It received its roots in 1928 with seven founding schools on its rolls. They were Fort Hays State, Emporia State, Pittsburg State, Washburn University, Wichita University, Southwestern College and College of Emporia.

Through the years, the CIC picked up new members and dropped old ones, but FHS remained in the conference until the end. Among the schools to come and go were St. Benedicts College of Atchison and Rockhurst College of Kansas City. College of Emporia, Wichita and Southwestern eventually withdrew, and Washburn dropped its

affiliation for seven years. Omaha University joined the ranks in 1959 to give the conference its new look for the last 10 years of its existence.

FHS teams began to compete in league activities in 1914 when the school was known as Fort Hays Kansas Normal School and it was admitted to the Kansas Athletic Conference. Its connections with the conference lasted 14 years until the CIC was chartered.

Included in the membership of the Kansas Conference while FHS was a member were Kansas Wesleyan College, Bethany College, Cooper College (now Sterling), McPherson College, Baker University, St. Mary's, Southwestern College, College of Emporia, Friends University, Washburn University, Emporia State and Pittsburg State.

FHS has carried a fine tradition in the four conferences in which it has been a member. The Tigers

have claimed 40 conference championships in eight different sports during their long history. One of those titles was brought home in 1974 as the FHS track and field team walked away with its second straight GPAC crown.

In the GPAC, the Tigers annually vie for championships in seven sports, track and field, cross country, football, basketball, baseball, golf and tennis. Besides the tracks team's title last year, the Tigers finished second in cross country, tied for third in football, tied for fourth in basketball, placed fifth in golf and sixth in tennis. The baseball team, although having one of its best years, did not qualify for the GPAC Play-offs.

Each year the conference race is the highlight of a team's season. Every school has dreams of putting the championship trophy in its case, but that honor is reserved for only the very best. Through the years, FHS has won

the right to be proclaimed the best in:

Football — Kansas Conference champions in 1917, 1921; CIC champions in 1934, 1935 (tie), 1936, 1954 (tie).

Cross country — CIC champions in 1964, 1965, 1966, 1967, 1968; RMAC champions in 1969, 1970; GPAC champions in 1972.

Basketball — CIC champions in 1937 (tie), 1940 (tie), 1950, 1959, 1962, 1963 (tie); RMAC champions in 1971.

Track and field — CIC champions in 1947, 1948 (tie), 1952, 1957, 1965, 1966; RMAC champions in 1969, 1971, 1972; GPAC champions in 1973, 1974.

Golf — CIC champions in 1960, 1961, 1965, 1968; RMAC champions in 1970.

Baseball — RMAC champions in 1970.

Wrestling — CIC champions in 1929.

Swimming — CIC champions in 1957.

Cage Season Opens Nov. 30

(Continued From Page 4)

"Of course Southern Colorado and Washburn are always strong. It will be a typical conference race.

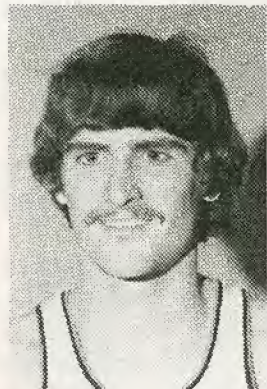

Val
McLean

Everybody will have something to say about the outcome. No one team will dominate the conference.

"We have a good overall schedule this year," he adds. "We play some good District 10 opponents like Sterling, Southwestern and Kansas Newman. Marymount, Central Oklahoma and Oklahoma Baptist are here for our doubleheader, then we

play in the Southwestern Oklahoma tourney with Oklahoma Baptist and American Christian. We meet several new teams besides our usual opponents."

A large turnout of candidates is expected when the Tigers open practices Oct. 15. "Right now we have about 40 kids who are interested," Brehm says. "The competition for spots will help us a lot. Our seniors are looking

Keith
Harper

forward to their last season and we would like to see them end up with a good year."

Basketball Schedule 1974-75

Nov. 30, Sterling College+, Hays
Dec. 2, Kearney State+, Hays
Dec. 6, Oklahoma Baptist vs Marymount (7:00) and FHS vs Central Oklahoma (9:00), Double Header
Dec. 7, Marymount vs Central Oklahoma (7:00) and FHS vs Oklahoma Baptist (9:00)
Dec. 10, Benedictine College, Atchison
Dec. 13, Kansas Newman, Wichita
Dec. 21, Southwestern College+, Hays
Jan. 3-4, Southwestern Oklahoma Doubleheader, Weatherford, Okla.
Jan. 10, Univ. of Northern Colorado*, Hays

Tiger Parent Club

The Fort Hays State Alumni Association serves as a key contact between the public and the college, with special attention given to former students and graduates and more recently, to parents of students. The Tiger Parent Club, now in its second year, is proud of its increasing membership, indicating a significant interest in the activities of the college.

A \$15.00 family membership may be purchased for the following benefits: — Two complimentary passes to one football game (excluding Homecoming and Parents Day.) — Two complimentary passes to one basketball game of your choice. — A complimentary subscription to the Student newspaper, *The State College Leader*. — Two passes to one Artists and Lectures Program. — Admittance to the Outstanding Speakers Series. — Admittance to all art exhibits. Admittance to all other regularly scheduled athletic events. — Participation in a scholarship fund. —

Participation in area alumni meetings. — The opportunity to purchase Memorial Union Activities Board special program tickets at student prices.

If you are a Tiger Parent and have not joined the Tiger Parent Club, contact the Alumni Office, Fort Hays Kansas State College. You will be glad you did!

Tell It Like It Is

(Continued From Page 5)
written work, never let them get set.

"There's no pushover in the whole schedule. Top flight blue chippers in all classes. But I'll tell you one thing, they won't push our kids around. Jessup in business can read 800 pages an hour, Faro in chemistry can cover eight blackboards with symbols in 9.6, Fales in biology can press 600, Groucher in philosophy is a master at inaudibles. You've seen Leather in physics break up pass plays. Choo Choo Charles in political science, who didn't get promoted last year, is probably the most offensive minded player in the conference.

"We know their ACT scores, how many were class presidents, their high school grades. It's a tough schedule but we regard it as a challenge. We want to find out what we're made of. Dean Monz, our monster man, covered a lot of ground last year. He's great on forcing the opposition out of bounds. You may remember last year he forced a lot of fumbles with his vicious tackling. He's got to be blocked out on every play. A real head hunter and he stings real good. He's also great in reversing his field when he gets the ball. We'll dance with the ones we brung."

"I understand your faculty will

be a mile high for the first week. Is the spirit really that good?"

"You wouldn't believe it if I told you, Curly. Crazy Legs Barker was in the library until 10:00 the last three weeks getting ready. You'll have to see her in action to believe it. If she gets a two second start in her lecture, they'll never catch her.

"The big studs in English can't wait to get those first themes. There will be red marks on those papers like you wouldn't believe. The first cat that complains will be wearing a harelip until Christmas. Those studs got brains on brains and they would just as soon hit you across the mouth with a dangling participle as look at you. They're gettin' mean as hell, Curly, like they always do before that first week.

"Our kids are in the best shape of their lives, Curly, and they know it. Boots Roscoe shingled his house this summer. Got six blackened finger nails, lost five teeth in the process. He can't wait to get back in the classroom. Somebody is gonna pay for what happened to him on the west side of the house. He's a killer and wound up. Hate to be in his class this fall."

"Any new programs this year Dean Stoneface?"

"We're taking a close look at the triple option of physics,

economics, and music. We think no student can stop if we can get it installed. We have plenty of people who can run the Power I but this triple option is all timing. With our big ends we may have sacrificed some quickness. Basically, as you know, Curly, we throw it a lot. Our passing game has always been strong with us. Our students know that passing is part of our game plan. Our down-and-out patterns are well known. We're scouted on them all the time."

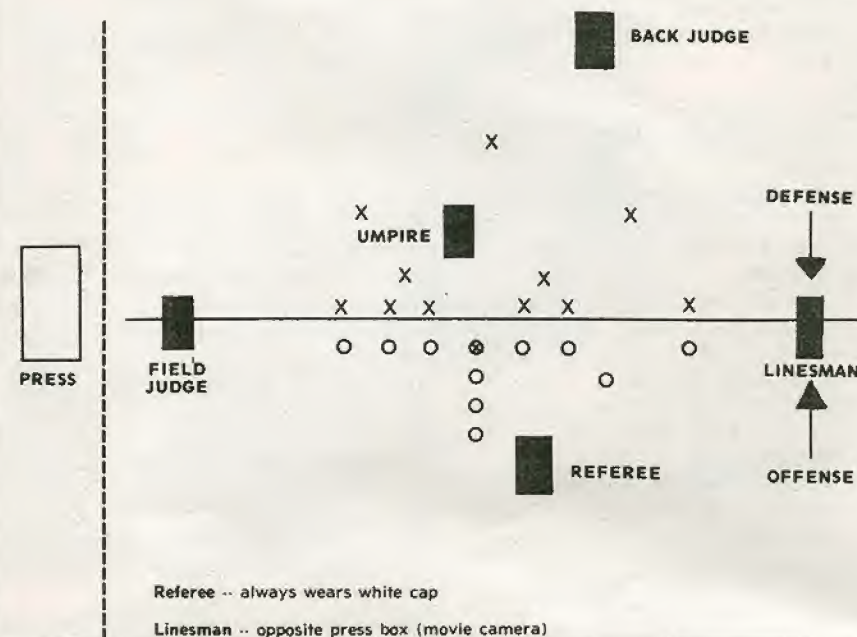

"What about the year ahead, Dr. Stoneface?"

"We appreciate the support

the community has given us, Curly. Our kids will give all they got. I guarantee it. As I've said many times in the past, let's keep the tricycles off the sidewalks. Sure, some of our kids have long hair. A few of them have been taken for itinerant house painters. You may see some of them carrying six packs. All we ask is that they give us a 100 per cent effort. That's all we can ask. We think with community support we can go all the way."

"Thank you Dean Stoneface. It should be an interesting year."

Conference Football Standings

Results have been anything but extraordinary for Great Plains Athletic Conference teams during the early going of the 1974 football season.

In 16 non-conference games played during the first three weeks, GPAC squads have scored an average of just over 16 points per game while their opponents have tallied about 20 points. During the opening weeks, conference schools have compiled a 6-10 non-league mark.

Washburn University is the only team to remain undefeated as the Ichabods downed William Jewell, 21-13, in their opening contest and overpowered Missouri Western, 37-0, last Saturday. In the first two games, Washburn's rushing attack has been spearheaded by freshman fullback Brent Cripps, a 6-1, 230 pounder from Olathe. Last week, Cripps also booted a 70-yard punt for the Blues. Another freshman, quarterback Mike Grogan from Kansas City, turned in a key performance last Saturday by connecting on seven of 17 passes, including two touchdowns.

Kearney State, which is not eligible for the league title because of scheduling problems, follows Washburn in this week's standings. After losing its season opener to Northwest Missouri

State, 12-8, Kearney bounced back to down Eastern Montana, 26-9, and FHS, 26-14.

Southern Colorado, third in the standings, started the season with a 24-7 win over Western State, but fell to Adams State, 27-7, last weekend.

Emporia State also opened the 1974 campaign with a victory, downing Arkansas Tech, 20-

16. Since that time, the Hornets have lost to Southwest Missouri State, 24-13, and Cameron (Okla.) State, 24-13.

Northern Colorado, which was victimized by Western State's passing attack, lost last week's season opener, 42-22.

Plagued by mistakes for two weeks, FHS has dropped two non-conference affairs. Northwestern

Oklahoma got by the Tigers, 28-18, two weeks ago while Kearney gained a 26-14 win last week.

Pittsburg also in winless, having played three games so far. The Gorillas opened with a 31-22 loss to Northern Iowa. They were defeated by Northwest Missouri, 13-0, and Southwest Missouri, 26-3.

GPAC STANDINGS					
Team	W	L	Pct.	Pts.	Opp.
Washburn University	2	0	1.000	56	13
Kearney State+	2	1	.667	60	35
Southern Colorado	1	1	.500	31	34
Emporia State	1	2	.333	40	75
Northern Colorado	0	1	.000	22	42
Fort Hays State	0	2	.000	32	54
KSC-Pittsburg	0	3	.000	25	70

+Not eligible for GPAC title

Last Week's Results

Fort Hays State 14, Kearney State 26
Missouri Western 0, Washburn University 37
Cameron State 35, Emporia State 7
Northern Colorado 22, Western State 42
Southwest Missouri 26, KSC-Pittsburg 3
Southern Colorado 7, Adams State 27

This Week's Schedule

Missouri Southern at Fort Hays State
Kearney State at Chadron State
Eastern New Mexico at Southern Colorado
Missouri Valley at Washburn University
Emporia State at Central Missouri
Colorado School of Mines at Northern Colorado
